

## Avenger's Civil War

Purpose: Basketball Shooting

Equipment: Spots, Basketballs, Dodgeballs

Set Up: 2 team lines and 3 shooting spots per team.

### Execution:

- **Shooting Version – collecting Avengers to throw to your side**
- 1 team will be team Iron Man, and the other team will be team Captain America.
- To start the game, each team will be in a line on either side of the hoop.
- ROUND 1 – Speed layup
  - o Shooting layups.
  - o For every made layup, they run down and throw one Avenger into their team base.
- ROUND 2
  - o Colored spots in a horseshoe
  - o Jump stop into shot.
  - o If you make it from a spot, you throw that color dodgeball (Avenger) into your base.
  - o First team to collect all 6 Avengers wins.
- ROUND 3
  - o Spots in linear order with each color getting further back.
- VARIATION
  - o Each team will have 3 shooting spot options and each spot will have a different point value.
    - If a player shoots and scores from the red spot, they get to throw 1 piece of trash (dodgeball) onto the other teams side.
    - If a player shoots and scores from the green spot, they get to throw 2 pieces of trash onto the other teams side.
    - If a player shoots and scores from the purple spot, they get to throw 3 pieces of trash onto the other teams side.
  - o Once the cart no longer has dodgeballs in it to throw out, teams will collect trash from their side to throw to the other teams side based on which spot they make their shot from.
  - o In Avenger's Civil War, Captain America and Iron Man do not like each other, and instead of working together for a common goal, they are working against each other and making each others lives harder.
    - Each piece of trash represents one villain that the Avengers are trying to send to the other team to beat them.
    - At the end of the game, the team with the most villains on their side loses.

- **Dribbling Version - Get Out of My Yard in REVERSE**
- 1 team will be team Iron Man, and the other team will be team Captain America.
- To start the game each team will have 7 basketballs on the ground on their side.
- Once the game starts, players will run to the other side and dribble a basketball back to their side.
  - o If they double dribble while trying to go back to their side, they must put the ball down and return to their side before trying to get another basketball.
- In Avenger's Civil War, Captain America and Iron Man do not like each other, and instead of working together for a common goal, they are working against each other and making each others lives harder.
  - o Each ball represents one Avenger. The team at the end of the game with the most Avengers on their side will win!
